The 1982 Varsity Baseball Team, led by Coach Bill Green, had a lot to look forward to coming into this season. The team came off a league championship last year, with eight returning lettermen. They were exceptionally strong in both the infield and the outfield. With the quickness of center fielder Lance Bonneau and the smoothness of the double play combo of Opie Moran and Rusty Van Dam, the team looked to back their deadly hitting attack with good defense. The pitching staff was cause for some concern coming into the season. With Mike Bittner, who had only lost 1 game before his senior year, anchoring the staff along with Dave Coons, and Gary Gelinas the squad looked good. With the powerful hitting attack, good defense, and consistent pitching, San Pasqual had another awesome season!

Varsity spirit better than ever.

This year, a new dimension was added to the cheerleading squads of San Pasqual High School. There were four squads, rather than the usual two. They were the Varsity and JV Fall squads, and the Varsity and JV Winter/Spring cheerleaders. The Varsity Fall cheerleading squad raised money through candy and ribbon sales.

The Varsity Winter/Spring Cheerleaders were a very spirited squad. The squad was made up of four past San Pasqual cheerleaders and four girls who were new to cheering, but they all came together well and showed great spirit for the Varsity Basketball team. Uniform funds were raised through a lot of hard work, and fun to go along with it, at summer carwashes and garage sales. Practice was also alot of work; two mornings a week all summer, and twice a week after school. Was it worth it? Yes!

J.V. Fall Cheerleaders

The newcomers to the San Pasqual cheerleading scene, the Junior Varsity squads, brought alot of spirit to the teams they cheered for. Many of them hope to go on to Varsity cheering in the years to come. The JV Fall cheerleading squad raised funds through ribbon sales and candy sales, like their Varsity counterparts.

J.V. Winter Spring Cheerleaders

The Junior Varsity Winter/Spring cheerleaders were a very spirited bunch of girls. They had a good time cheering at the games, and their enthusiasm showed and was carried to the team. They really worked well with their Varsity Winter/Spring squad, and when the two squads got together for cheers and chants the outcome was spirit that was Better Than Ever!

The Music Department is involved in many community events, as well as school activities.

Mrs. Hobson, the librarian, and Mrs. Evans, the clerk, have both shown students how to use the library resources. Mrs. Hobson stated that she tries to get the latest in reading materials and that she would like to have students tell her what they want to read. Both say laughingly, that lunch is their favorite time of the day.

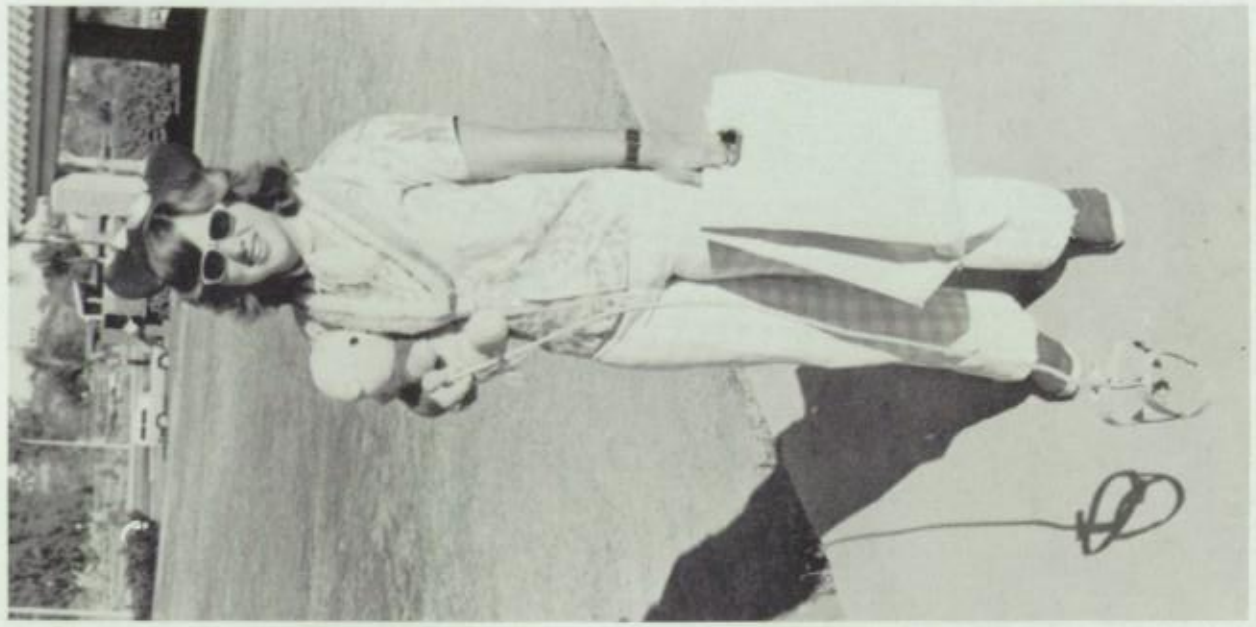
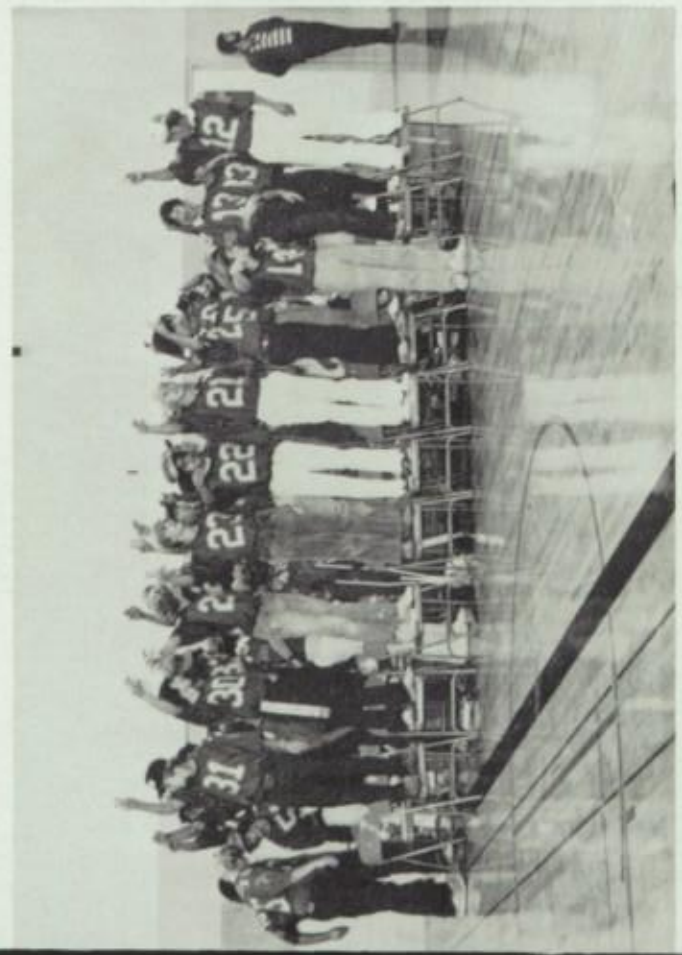
SENIOR SPIRIT • SENIOR SPIRIT





Juniors stood proud.

The junior class as described by David Boyce had lots of fun this year and were very energetic and exciting. They liked to go out to ballgames and lunch together. They were SPIRITED. The theme for our junior homecoming float was "Coka-Cola" which they represented with a giant coke bottle which was quite impressive. All in all the juniors stood proud. They had a great year, because they made it a great year.

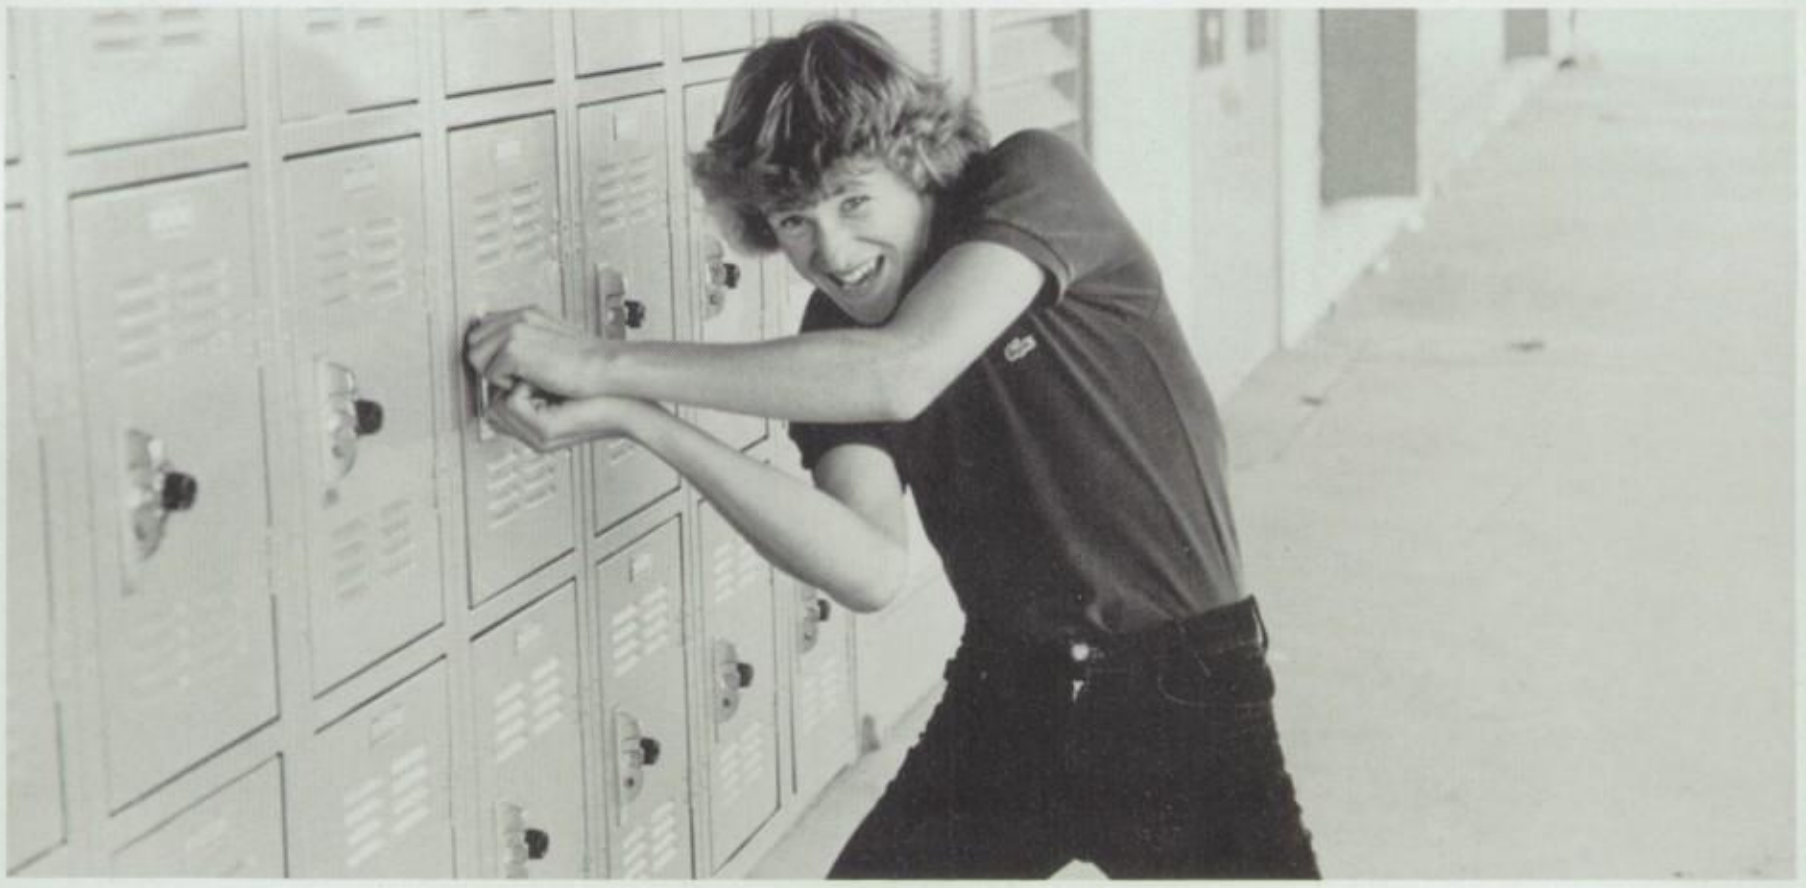
Sophomore's show spirit and pride, as they took first place in their Homecoming ride

This year's sophomore class was second in size with 407 students. It was first in pride by showing outstanding school spirit as their homecoming float took first place in the competition with the other class floats. The float carried the theme of America's Amusement Parks. The sophomore class was represented at the homecoming festivities by Rob Flintom as prince and Angela Valdez as princess. The sophomore class sponsored the Valentine Dance which was also a big success.

A. This year's sophomore class officers **(from L to R) top row:** Rob Flintom (treasurer), Rich Ortiz (president), Blake Fowler (vice-president), Suzi Griffin (secretary).



B. Rich Ortiz, moving up in his second year in office, is still trying to open his locker.

Sims School was founded for the purpose of giving pregnant minors and school age parents the opportunity to continue their high school education. Sims School is headed by Margaret Hanaway and Jacqueline Williams. Girls may attend Sims School until they graduate or pass the G.E.D. or proficiency exam, whichever applies. Infants and toddlers are supervised and taught by aids while their mothers study and/or attend classes. In addition to pre-natal and parenting, all basics are offered at Sims. Some facts that will curl your hair.

If you've been thinking about giving yourself a home perm, there's something you should know. The reason perms curl your hair is because they literally rearrange the molecules within the hairshaft permanently. Whether you end up with soft waves or frizz depends on how, and how much those molecules are rearranged. At our salon, our stylists are trained in the chemistry of permanent waving. They don't take it lightly. Before each perm, you can ask them to analyze your hair to be sure it can take the chemical change and come through it beautifully. So if you want the curl and easy care of a perm, come to our salon. We recommend perms by Redken,® the scientific hair care company. So don't risk your hair's beauty. Come into our salon and make a permanent change—for the best!

As I look back on this year I remember...

— The first day of school, seeing old and new faces, and seeing the freshmen not knowing what to expect, and remember being a freshman.

— The faculty and administration, all those teachers, coaches, and advisors, who had to put up with tardiness, truants, homework never finished, or whatever. I really don't see how they can stand it all.

— The other students. All of us who have and will spend four long years together, and now that I think about it, those four years went by pretty fast.

— Yearbook.Especially yearbook, what with all the arguments, tension confusion, last minute copy, photos, and dough-nut runs that actually produced this book. It seemed to Mrs. Knight and me that we had managed in putting together the best staff possible. I remember how happy everyone always was when we turned in our pages for our deadlines and how we almost didn't make it several times.

— The Photo Parties, at Photo Darkroom. When everyone who was going absolutely crazy for pictures and we photographers would all get together and try and get everything in.

— The "Seventh Period Crazies". Those of us in Mrs. Knight's back room, with all the crazy parties, insane jokes, and all out fun.

— And a special thank-you to Laura, who is the greatest friend a girl could have.

Good luck with all that you do,

Annette Champion
